A-10 The Company may apply any Security Deposit towards payments of overdue amount under the Agreement.

A-11 A Security Deposit does not relieve Home Customer from his/her obligations to pay any charges, nor does it constitute a waiver of the Company's rights to suspend, disconnect or terminate the electricity supply due to non-payment.

A-12 The Company reserves the right to bill the Home Customer for any subsequent shortfall in the Security Deposit.

A-13 The Company reserves the right to terminate this Agreement and transfer his/her account to MSSL under the Default Supply Arrangement, or any other electricity retailer that the Home Customer chooses, for failure to provide the required Security Deposit.

A-14 The Security Deposit amount, less any unpaid invoice amounts, shall be refunded (without interest) to the Home Customer no later than 30 (thirty) calendar days from the Home Customer's payment of the final invoice issued by the Company. The metering data (subject to necessary adjustments or re-readings by MSSL) shall be conclusive and binding on the Parties for purposes of determining the Electricity Charges payable.

A-16 In the event the metering consumption for the Home Customer's premises is revised, then, notwithstanding any termination or expiry of this Agreement, the Company shall be entitled to

make the necessary adjustments to its Monthly Invoice reflecting the adjusted consumption to the Home Customer who shall promptly make payment on or before the Payment Due Date.

All amounts or charges payable by the Home Customer under this Agreement are exclusive of any duties, fees, Goods and Services Tax and other applicable tax. In the event the Home Customer fails, refuses or neglects to make such payment, the Home Customer shall pay a late payment charge of S\$5.00 per bill. For avoidance of doubt, the charging of the late payment charge shall not constitute a waiver nor prejudice any other remedies of the Company under this Agreement. The Home Customer shall pay the Company a fee of S\$1.00 for each GIRO instruction rejection.

- A-22 U-Save rebates is part of the GST Voucher Scheme introduced by the Singapore Government for eligible Home Customer to offset their utilities bills. The Home Customer hereby authorises the Company to claim from MSSL, on behalf of the Home Customer, "U-Save Rebates" under the "GST Voucher – U-Save" scheme, in respect of the retail of electricity by the Company to the Home Customer under each Agreement. In the event that the Company is able to claim such rebates from MSSL on behalf of the Home Customer in respect of any Agreement for any period, the amount of the rebates claimed in respect of such period shall be reflected in the invoice(s) issued to the Home Customer under such Agreement for such period, and set off against the amounts payable under such invoice(s).

All remaining credit balance reflected in the final invoice at the end of the Agreement will be refunded within 30 (thirty) calendar days from the final invoice by the Home Customer.

- A-24 The Company allows the Monthly Invoices to be paid through GIRO, AXS, credit/debit card, or any other mode of payment as advised by the Company.

Home Customer to the Company (however arising) and for this purpose the Company may charge or debit or require to be charged or debited any such sum to the Home Customer's account with the Association as may from time to time be notified to the Company by the Home Customer and/or the Association. Such Home Customer's authorisation shall be deemed to include the disclosure of invoices issued by the Company from time to time, as may be requested by the Association for any purpose whatsoever.

- A-25.2 The Home Customer shall not be obliged to make payment to the Company in respect of any invoice rendered by the Company provided that such payment is received by the Company from the Association no later than the Payment Due Date (or such period as the Company may allow the Association). The Home Customer shall immediately inform the Company if it decides to cease making payments using the credit card initially notified to the Company and make all payments directly to the Company. In the event that a payment instruction rejection is received from the Association for any reason whatsoever, the Home Customer shall pay the Company the total charges stated in the Monthly Invoice in full on or before the Payment Due Date. The Home Customer shall pay the Company a fee of S\$5.00 for each payment instruction rejection.
- A-25.3 The Home Customer shall duly pay the Association any and all sums so charged or debited or paid by the Association to the Company on behalf of the Home Customer in full without any set-off, counterclaim or deduction on account of any dispute or qualm which the Home Customer may have against the Company in relation to or arising from this Agreement. It is the intention of the parties that the Home Customer shall bring any such dispute or claim directly against the Company.
- A-25.4 The Home Customer must inform the Company immediately in writing if the credit or debit card is lost, stolen, expired or terminated or if Home Customer wants to terminate this method of payment. The termination of the credit/debit card payment arrangement will only be in effect when the message referring to the credit/debit card deduction is no longer reflected in the bill. If the Company is unable to make the deduction or settlement with the card company, the Company will not be liable to Home Customer in any way and Home Customer must make payment for outstanding amounts through AXS, immediately together with any administrative fees and/or processing fee for the failed transaction.
- A-26 Where the Home Customer has specified that payment shall be made by GIRO, the Home Customer shall notify the relevant bank and the Company if this method of payment is to be terminated.
